

Publications in Peer reviewed Journals

2010 onwards

Weston N, Fernando U, Baskar V

Hypertriglyceridemia-induced pancreatitis.

BMJ Case Rep. 2013: doi:pii: bcr2013008722. 10.1136/bcr-2013-008722.

Khalid Y, Barton DM, Baskar V, Kumar H, Jones P, West TET, Buch H.

Efficacy of fixed high dose radioiodine therapy for hyperthyroidism – a 14y experience.

BJMP 2011; 4; a435

Khalid Y, Buch H, Baskar V.

Watch what you lick!

Clin Endocrinol 2011 Aug 31. doi: 10.1111/j.1365-2265.2011.04213.x.

Khalid Y, Sulaiman R, Zahir R, Baskar V, Buch HN.

An unusual complication in a patient with Graves' disease.

NZMJ 2011; 124 (1341): 69-71.

Nayak AU, Baskar V

An unusual cause for deterioration of glycaemia in diabetes.

Pract Diab Int 2011; 1584: 163.

Elledge R, Baskar V.

Spinal extradural haematoma – an important cause of back pain

BMJ 2010; 341:c7134

Manjunatha R, Huddart S, Baskar V.

Acute Charcot arthropathy following thermal trauma

BMJ 2010; 341: c6455

Gangopadhyay KK, Gupta R, Baskar V, Gautam N, Toogood AA.

With a pinch of salt.

Clin Med 2010; 10: 86-7. Erratum 2010; 10: 300.

Hosseini A, Manjunatha R, Jacob A, El-Lahawi M, Baskar V.

Cerebral venous sinus thrombosis in type 1 diabetes without ketoacidosis – case report.

Practical Diabetes International 2010; 27: 34-35.

Sharratt C, Baskar V.

Diabetes as a presenting feature of pancreatic cancer: a case report.

Diabetes and Primary Care 2009; 11: 245-7.

Wright J, Ruck K, Rabbitts R, Charlton M, De P, Barrett T, Baskar V, Kotonya C, Saraf S, Narendran P.
Diabetic Ketoacidosis in Birmingham, UK, 2000-2009: an evaluation of risk factors for recurrence and mortality.

The British Journal of Diabetes & Vascular Disease 2009; 9: 278-282.

Manley SE, Sikaris KA, Lu ZX, Nightingale PG, Stratton IM, Round RA, Baskar V, Gough SC, Smith JM. Validation of an algorithm combining HbA1c and FPG for diagnosis of DM in UK and Australian populations.

Diabet Med 2009; 26: 115-21.

Nayak UA, Govindan J, Baskar V, Kalupahana D, Singh BM. Exenatide therapy in insulin treated type 2 diabetes and obesity. QJM 2010; 103:687-694

Hossen AH, Viswanath A, Lahawi E. Neurosarcoidosis presenting with persistent vomiting. *Neurosciences* 2010; Vol. 15 (2): 117-121

Narendran P, Creely SJ, Syed A, Tesfaye S, Winer J, Singh BM. Aggressive and devastating neuropathy: the consequence of untreated slow-onset type 1 diabetes. QJM 2011;104:523-6.

Nayak AU, Holland MR, Macdonald DR, Nevill A, Singh BM. Evidence for consistency in the glycation gap in diabetes. *Diabetes Care* 2011; 34: 1712-6.

Porter-Turner MM, Skidmore JC, Khokher MA, Singh BM, Rea CA. Relationship between erythrocyte GLUT1 function and membrane glycation in type 2 diabetes. *Br J Biomed Sci.* 2011;68(4):203- 7

Manjunatha RS, Manjunatha NP, Baskar V, Headon MP, Singh BM, Viswanath AK. Quality assurance in the diabetic retinopathy screening programme: evaluating the benefit of universal regrading of the normal primary grade. *Diabet Med* 2012;29:287-8.

Wall D, Singh D (BM), Whitehouse A, Hassell A, Howes J. Self-assessment by trainees using self-TAB as part of the team assessment of behaviour multisource feedback tool. *Med Teach.* 2012;34:165-7.

Magnus Lars Peter Hallin, Kamala Mahmoud, Ananth Viswanath and Rousseau Gama ‘Sweet Dreams’, ‘Happy Days’ and elevated 24-h urine 5-hydroxyindoleacetic acid excretion *Ann Clin Biochem* 2013; 50: 80–82.

2005- 2009

Baskar V, Kamalakannan D, Kiberd B, Holland MR, Singh BM. Hypertension-based clinical risk strategies for detecting microalbuminuria in diabetes. QJM 2005;98:427-33

Buch HN, Barton DM, Varughese GI, Bradbury S, Scarpello JH, Walker AB.
An assessment of the coverage of a district-wide diabetic retinopathy screening service. *Diabet Med*. 2005 Jul;22(7):840-1.

Pawar BJ, Singh BM.
The "BRIDGE" Project
Final Report. Black Radley, November 2005, pp.7 - 20.

Baskar V, Kamalakannan D, Holland MR, Singh BM.
Does ethnic origin have an independent impact on hypertension and diabetic complications?
Diabetes Obes Metab 2006;8:214-9

Baskar V, Venugopal H, Holland MR, Singh BM.
Clinical utility of estimated glomerular filtration rates in predicting renal risk in a district diabetes population.
Diabet Med 2006;23:1057-60

Viswanath A, Pereira O, Philip S, McHardy K.
Diagnosing diabetes mellitus: Contemporary use of Oral Glucose Tolerance test in a regional diabetes centre.
Practical Diabetes Int 2006; 23(7): 287–92

Varughese GI, Miltsios K, Buch HN, Orendi JM, Scarpello JH Mortality rates in hospital patients with hyperglycaemia and MRSA bacteraemia *Br J Diabetes Vasc Dis* 2006; 6: 42-44.

N. Iqbal, R. Rangan, M. Edavalath, HN Buch. Case report of an unusual presentation of a neuroendocrine tumour *Sco Med J* 2006 52(1): 55

PK Singh, P Beach, N Iqbal, HN Buch, BM Singh
Nurse-led management of uncontrolled hypertension in those with diabetes and high vascular risk . The outcomes of the Wolverhampton protocol
Practical Diabetes Int 2007; 24: 92–96

Viswanath AK, Avenell A, Philip S et al.
Is annual surveillance of all treated hypothyroid patients necessary?
BMC Endocr Disord. 2007 July; 2:7

Taruna Likhari, Saeed Magzoub, Melanie J Griffiths, Buch HN, R Gama
Screening for Addison's disease in patients with type 1 diabetes mellitus and recurrent hypoglycaemia *Postgraduate Medical Journal* 2007;83:420-421

Jahagirdar VR, Strouhal P, Holder G, Gama R, Singh BM.
Thyrotoxicosis factitia masquerading as recurrent Graves' disease: endogenous antibody immunoassay interference, a pitfall for the unwary.
Ann Clin Biochem. 2008;45:325-7

Singh PK, Buch HN. Adrenal Incidentaloma: Evaluation and Management *J Clin Pathol*. 2008 Nov; 61(11):1168-73

Likhari T, Aulakh TS, Singh BM, Gama R.
Does HbA1C predict isolated impaired fasting glycaemia in the oral glucose tolerance test in subjects with impaired fasting glycaemia.
Ann Clin Biochem 2008;45:418-2

Macdonald DR, Hanson AM, Holland MR, Singh BM.
Clinical impact of variability in HbA1c as assessed by simultaneously measuring fructosamine and use of error grid analysis.
Ann Clin Biochem 2008;45:421-5

Acharya SH, Philip S, Viswanath AK et al.
Glycaemic control and body mass index in late-adolescents and young adults with Type 1 diabetes mellitus: a population-based study.
Diabet Med. 2008 March 25, 360–4

Bevan JS, Newell-Price J, Wass J, Atkin SL, Boloux PM, Chapman J, Davis R, Howlett TA, Stewart PM, Viswanath A.
Home administration of Lanreotide Autogel by patients with acromegaly, or their partners is safe and effective.
Clin Endocrinol. 2008 March; 68:343-9

Viswanath AK, Seymour J, Wass WH, Bevan JS.
Somatostatinomas: an unusual cause of diabetes ketosis.
Scottish Medical Journal 2008 53(2): 65

Siddique H, Nayak A, Singh B, Baskar V.
A rare clinical sign need not always have a rare cause.
BMJ 2009; 338: 1997

Mahto R, Venugopal H, Vibhuti VS, Mukherjee A, Cherukuri V, Healey B, Baskar V, Buch HN, Singh BM.
The effectiveness of a hospital diabetes outreach service in supporting care for acutely admitted patients with diabetes.
QJM 2009;102:203-7.

2000- 2004

Wen YC, Rae C, Khohker MA, Singh BM
Differential antioxidant status in Indo-Asians with and without diabetes.
Diabetic Care 2000, 23, 254-5

Shackleton S, Lloyd DJ, Jackson SNJ, Evans R, Niermeijer MF, Singh BM, Brabant G, Kumar S, Durrington PN, Gregory S, ORahilly S, Trembath RC.
The LMNA gene encoding lamin A/C is mutated in partial lipodystrophy.
Nature Genetics 2000; 24: 153-156.

Primary hyperthyroidism due to a parathyroid adenoma with subsequent myasthenia gravis.
Palin SL, Singh BM.
QJM. 2000; 93:560-1.

Baskar V, Walford S, Holland MA, Singh BM
Evidence base for blood pressure control in diabete.
Diabetes and Primary Care 2001; 2

Wen Y, Skidmore JC, Porter-Turner MM, Rea CA, Khokher MA, Singh BM.
Relationship of glycation, antioxidant status and oxidative stress to vascular endothelial damage
in diabetes.
Diabetes Obes Metab. 2002; 5 :305-8.

Buch HN, El-Had T, Bicknell J, Simpson D, Farrell W, Clayton RN. Pituitary tumours are
multiclonal: evidence from a case with metastasis: *Clin Endocrinology* 2002; 56: 817-822

Buch HN, Baskar V, Barton DM, Kamalakannan D, Akarca C, Singh BM.
Combination of insulin and thiazolidinedione therapy in massively obese patients with Type 2
diabetes.
Diabet Med. 2002; 19: 572-4.

Barton DM, Danesvar C, Buch HN, West TET, Mcleod A Analysis of a retinal screening
database to investigate the relationship between intraocular pressure and diabetic retinopathy
Practical Diabetes International 2002; 19: 203-205.

Kamalakannan D, Baskar V, Singh BM.
Celiac disease in an elderly patient with diabetes.
Western Journal of Medicine 2002; 176

Baskar V, Kamalakannan D, Singh BM.
Carbamazepine induced rapid and severe hyponatremia .
The Pharmaceutical Journal 2002; 268: 690

Baskar V, Kamalakannan D, Holland MR, Singh BM.
The prevalence of hypertension and the utilization of antihypertensive therapy in a population
with diabetes.
Diabetes Care 2002; 25: 2107 - 2108

Basker V, Kamalakannan D, Holland MR, Catchpole CR, Singh BM
Uncertain clinical utility of contemporary strategies for microalbuminuria testing
Diabetes Obes Metab 2003; 5: 262-6

Barton DM, Baskar V, Kamalakanan D Buch HN, Wilson E, Anderson J, Abdu TA. Assessment
of care for adolescent and young patients with diabetes mellitus *Diabetic Medicine* 2003; 20:
394-398

Simpson DJ, Bicknell EJ, Buch HN, Cutty SJ, Clayton RN, Farrell WE. Genome-wide amplification and allelotyping of sporadic pituitary adenomas identify novel regions of genetic loss. *Genes Chromosomes Cancer* 2003 37(3): 225-36.

Buch HN, Clifford G, Scarpello JHB. Diabetic Ketoacidosis in a patient with schizophrenia *Br J Diabetes Vasc Dis Sep* 2003; vol. 3: pp. 373 - 374

Buch HN, Kumar H, West TET. An unusual case of thyroid storm. *Postgrad Med J.* 2003 Nov; 79(937): 662-3, 666

Rangan S, Baskar V, Spencer E, Walford S, Singh BM.
Hot water bottles and the diabetic foot
Practical Diabetes International 2003; 20: 164

Dixon AN, Singh BM, Gama R.
Asymptomatic hyperprolactinaemia.
CPD Clin Biochem. 2003; 5:16

Severe and disabling diabetic autonomic neuropathy: a case report.
Kamalakaran D, Baskar V, Singh BM.
J Diabetes Complications. 2004; 18 :126-8.

Baskar V, Kamalakannan D, Singh BM.
Hyperparathyroidism and Polycythaemia.
J R College of Physicians of Edinburgh 2004

Baskar V, Kamalakannan D, Singh BM, Odum J.
Spontaneous regression of hypercalcemia in a patient with primary hyperparathyroidism and prolactinoma.
J Endocrinol Invest. 2004;27:462- 4

Baskar V, Kamalakannan D, Holland MR, Singh BM.
Hypertension in diabetes: is there a place for age-adjusted centile cut-offs in those aged <50 years.
QJM. 2004;97:747-5

Kamalakaran D, Baskar V, Barton DM, Buch HN, Singh BM.
A case of metastatic neuroendocrine tumour.
CME Endocrinology 2004.

Buch HN, D. Raskauskiene, A. Bahar, E. J. Bicknell, W. E. Farrell, R. N. Clayton. Prediction of recurrence of non-functioning pituitary tumours by loss of heterozygosity analysis. Clin Endocrinol 2004 Jul;61(1):19-25.

HN Buch, David M Barton, George I Varughese, Ellen Hodgson, and John HB Scarpello A one-year retrospective audit of the DIGAMI protocol Br J Diabetes Vasc Dis Nov 2004; vol. 4: pp. 396 - 399.

Abdu TA, Buch HN, Barton DB, El-Had T, Clayton: Endothelial function in patients with adult onset growth hormone deficiency after 1 year of GH therapy Clin Endocrinol (Oxf). 2004 Sep;61(3):387-93.

Buch HN, Akber MA, Clayton RN. A case of lump in the neck and in petrous part of temporal bone Hosp Med. 2004 Feb; 65(2): 120-1

Prior to 2000

Morgan MDL, Singh BM, Williams SJ
Terbutaline aerosol given through a pear spacer in acute severe asthma.
British Medical Journal 1982; 285: 849.

Singh BM, Holland MR, Thorn PA.
Metabolic control of diabetes in general practice clinics: comparison with a hospital clinic.
British Medical Journal 1984; 289: 726-728.

Singh BM
Asians.
Practical Diabetes 1985; 3: 184-185.

Binns N, Wright AD, Singh BM, Coote JH, Bradwell AR.
Blood lactate changes during exercise at high altitude.
Postgraduate Medical Journal 1987; 63: 177-178.

Packe GE, Wiggins J, Singh BM, Natrass M, Wright AD, Clayton RM.
Blood fuel metabolism in asthma during and after progressive submaximal exercise.
Clinical Science 1987; 73: 81-86.

Singh BM, Palma MA, Natrass M.
Multiple aspects of insulin resistance: comparison of glucose and intermediary metabolite response to incremental insulin infusion in IDDM subjects of short and long duration.
Diabetes 1987; 36: 740-748.

Singh BM, Natrass M.
Metabolic changes associated with oral contraceptive use.
Contraception 1987; 36: 651-658.

Singh BM, Natrass M.
The clinical care of diabetics: prevention, diagnosis and treatment of complications.

In: Diabetic Complications. Ed. Crabbe J. Churchill Livingstone, Edinburgh; 1987.

Hale PJ, Singh BM, Baddeley RM, Natrass M.

Weight loss after gastropasty improves insulin sensitivity of carbohydrate and fat metabolism.
Metabolism 1988; 37: 411-417.

Singh BM, Rutter JD, Fitzgerald MG.

The natural history of Type II diabetes.

In: Bailliere's Clinics in Endocrinology & Metabolism.

Eds. Natrass M, Hale PJ. 1988; 2: 343-358.

Krentz AJ, Hale PJ, Singh BM, Natrass M.

The effect of glucose and insulin infusion on the fall of ketone bodies during treatment of diabetic ketoacidosis.

Diabetic Medicine 1989; 6: 31-36.

Chellingsworth MC, Kendall MS, Wright AD, Singh BM, Pasi J.

The effects of verapamil, diltiazem and nifedipine on metabolic control in hypertensives with non-insulin-dependent diabetes mellitus.

J Human Hypertension 1989; 3: 35-39.

Singh BM, Natrass M.

Use of combined oral contraceptive preparations alters the insulin sensitivity of fatty acid and ketone metabolism.

Clinical Endocrinology 1989; 30: 561-570.

Singh BM, Natrass M.

Altered intermediary metabolism during the menstrual cycle in healthy young women.

Diabetes, Nutrition and Metabolism 1989; 2: 39-42.

Singh BM, Coles N, Lewis RA, Braithwaite M, Natrass M.

The metabolic effects of fatal cyanide poisoning.

Postgraduate Medical Journal 1989; 65: 932-925.

Singh BM, Natrass M. (written by invitation)

Diabetes and the liver.

Current Opinion in Gastroenterology 1989; 5: 417-421.

Exclude eclampsia early.

Smoleniec JS, Pickrell D, Weaver JB, Singh BM.

BMJ. 1990 May 12; 300 (6734):1242.

Robertson DA, Singh BM, Baddeley RM, Natrass M.

Metabolic abnormalities in obese patients with impaired glucose tolerance.

Diabetic Medicine 1990; 7: 45-49.

Wright AD, Hale PJ, Singh BM, Kilvert JA, Natrass M, Fitzgerald MG.

Changing sex ratio in diabetic ketoacidosis.

Diabetic Medicine 1990; 7: 628-632.

Singh BM, Natrass M.

Diabetes mellitus and the control of hyperglycaemia.

In: New Antidiabetic Drugs, Smith-Gordon Nishimura

Eds. Bailey CJ, Flatt PR. London 1990.

Robertson DA, Singh BM, Natrass M.

The relationship between obesity, hyperinsulinaemia and intermediary metabolite concentration in man after an overnight fast and during the oral glucose tolerance test.

International Journal of Obesity 1991; 15: 635-645.

Robertson DA, Singh BM, Natrass M.

Impaired glucose tolerance in obesity is associated with resistance to insulin in multiple aspects of metabolism as assessed by a low dose insulin infusion

Diabetic Medicine 1991; 8: 718-725.

Singh BM, Wise PH, Marks V.

Detection of glibenclamide in an oral insulin preparation.

Lancet 1991; 338: 308-309.

Pegg A, Fitzgerald F, Wise D, Singh BM, Wise PH.

A community based study of diabetes-related skills and knowledge in elderly people with insulin-requiring diabetes.

Diabetic Medicine 1991; 8: 778-781.

Krentz AJ, Singh BM, Natrass M.

Impaired glucose tolerance is characterised by multiple abnormalities in the regulation of intermediary metabolism.

Diabetic Medicine 1991; 8: 848-854.

Jackson DA, Davies J, Wills R, Pegg A, Fitzgerald F, Singh BM, Wise PH.

Public awareness of the symptoms of diabetes mellitus.

Diabetic Medicine 1991; 8: 971-972.

Robertson DA, Singh BM, Hale PJ, Jensen I, Natrass M.

Metabolic effects of monomeric insulin analogues of different receptor affinity.

Diabetic Medicine 1992; 9: 240-246.

Singh BM, Wise PH. (Written by invitation)

Diabetes management: control and lifestyle.

Mims Magazine 1992; 19: 24-34.

Singh BM, Jackson DA, Davies J, Wills R, Wise PH.

Delayed diagnosis in non-insulin dependent diabetes mellitus.

British Medical Journal 1992; 304: 1154-1155

Singh BM, Kilvert AJ, Fitzgerald MG.

Diabetes mellitus, papilloedema, benign intracranial hypertension, and reversible pituitary dysfunction.

Practical Diabetes 1992; 9: 236-237.

Singh BM, Natrass M.

Insulin sensitivity of glucose and intermediary metabolism 3 months after conventional twice daily insulin therapy in non-insulin dependent diabetes.

European Journal of Internal Medicine 1992; 3: 157-164.

Robertson DA, Singh BM, Hale PJ, Natrass M.

Effects of morbid obesity on insulin clearance and insulin sensitivity in several aspects of metabolism, as assessed by low-dose insulin infusion.

Metabolism 1992; 41: 604-612

Singh BM, Grunewald R, Press M, Muller B, Wise PH.

The prevalence of haemochromatosis in patients with diabetes mellitus.

Diabetic Medicine 1992; 9: 730-731.

Singh BM, Krentz AJ, Natrass M.

Aspects of insulin resistance in intermediary metabolism in non-insulin dependent diabetes mellitus apparent only at low insulin concentrations.

Diabetes Research and Clinical Practice 1993; 20:55-62.

Singh BM, Prescott JW, Guy R, Walford S, Murphy M, Wise PH.

The British Diabetic Association diabetes symptoms awareness study.

British Medical Journal 1993 ; 308:632-636.

Krentz AJ, Singh BM, Wright AD, Natrass M.

Effects of autonomic neuropathy on intermediary metabolism following insulin withdrawal in patients with insulin-dependent diabetes.

J Diabetes Complications 1993.

Duncan M, Singh BM, Carter G, Zadeh J.

A novel fasting insulin resistance index.

Lancet 1995;346:120.

Singh BM .

Fever and leg ulceration.

In: The Biology of Disease, Blakewell Science, Oxford, 1995.

Singh BM.

Asian diabetes, South Asian diabetes or just diabetes?

In. Modern Management of Type 2 Diabetes, Macmillan, London, 1995.

Singh BM.

Managing Asian patients with NIDDM.

In: Pocket Guide to NIDDM, Medical Imprint, London, 1995.

Singh BM.

Obesity and Non-Insulin-Dependent Diabetes - who is failing.
Geriatric Medicine

Singh BM et al

High variability in HbA1 concentration in IDDM patients followed over a decade.
Diabetes Care 1997; 20: 306-308

Rees DC, Singh BM, Lou LY, Wickramasinghe S, Thein SL

Nontransfusional iron overload in thalassemia –association with hereditary haemochromatosis.
Ann N Y Acad Sci 1998; 850: 490-4

Pickstock PG, Singh BM.

Assessing dependency in community managed insulin treated patients with diabetes.
Diabetic Care 1998; 9: 1567.

Pawar B, Walford S, Singh BM

Glycaemic control in a routine diabetes clinic with special reference to intensive insulin regimes.
Practical Diabetes 1998

Pawar B, Walford S, Singh BM

IDDM in a routine diabetes clinic: the association of psychological factors, diabetes knowledge, glycaemic control to insulin regime.
Diabetic Research and Clin Pract 1999, 46, 121-126.

Serhan E, Newton P, Ali H, Walford S, Singh BM

Hypovitaminosis D in Indo-Asians attending a rheumatology clinic.
Bone 1999, 25; 609-611.
